DESCRIPTION

With a 40' working height, 30' side reach, a 24" x 30" bucket, and continuous rotation, the **ETC MH 40 IH** delivers the maneuverability and reach you expect from a PALIFINGER bucket truck. Single-handle control, basket and turret full-pressure hydraulic controls with complete feathering capabilities, an extended shear ball rotation shaft, replaceable pin bushings, an emergency lowering valve, and engine start/stop at the bucket are powerful standard features.
