PAL PRO 43 MECHANICS TRUCK

PAL Pro 43 is our leading weight-optimized mechanics body built to handle our more significant 8,000 lbs. service crane rated at 43,000 ft. lbs. lifting capacity. Like all true crane bodies from PALFINGER, the PAL Pro 43 is manufactured with 12-gauge all A-60 galvanneal construction, a hybrid torsion box that eliminates frame and size pack deflection, and the best rust protection in the industry.

COMPRESSOR TECHNICAL DETAILS

PALFINGER PRC45V Rotary Screw Compressor

The **PALFINGER PRC 45V** Hydraulic-Driven Rotary Screw Compressor provides up to 45 CFM at 150 PSI, offering reliable air power for heavy-duty tasks in a compact design.

- Hydraulic-Driven Rotary Screw
- 45 CFM @ 150psi

SERVICE CRANE TECHNICAL DETAILS

PALFINGER PSC 8029 Service Crane

PALFINGER's large hydraulic service cranes feature capacities from 8,000 to 14,000 lbs for even the most challenging continuous duty applications. All hydraulic service cranes come standard with simultaneous multi-function proportional radio remote controls, superior weight-to-lift ratios, and 29' of reach. Each model features a high-speed planetary winch rated up to 60 ft/min, incorporating a standard 3rd wrap limiting and winch drum tensioner system to prevent cable spool off and cable damage. Options include boom tip hooks, an easy load-block stowing system, and personnel baskets to fit your application needs.
